## CHATEAU DE SANSE

# *Location*

Chateau de Sanse is a short 20 minutes from the wonderful wine town of St Emilion (pictured) and only 50 minutes from Bordeaux city and airport. The venue is closer again to the airport at Bergerac (around 35 minutes.) Set amongst the vineyards of the Gironde and near to the river at Pessac Sur Dordogne. It's the most incredible location with easy access to travel points across the region.

## EVENT FORMAT

*Multiple days of exclusivity*

Our packages are designed to give you more than 1 day within the standard guide pricing. We include a night before meal for everyone staying on site and then a day after pool party style BBQ day for the entire group. You may decide to do this differently and we are fully flexible to your requirements.

The joy of our venue is the different spaces available to you for celebrations.
